We welcome you to the International Scientific Conference under the title “Quests of the Holy and Glorious Apostle and Evangelist Luke” with particular joy and honor. Our Conference is being held in the Martyr City of Kalavryta, in this place, where the graceful priestly icon dominates of her Our Lady of Megalospeliaotissa, one of the most famous icons in the Orthodox world, which, according to tradition, was painted by the Evangelist Luke.

This strong tradition of our local Church led us to the convening of the International Scientific Conference and we are sure that the participation of distinguished scientists from all over the world will contribute decisively to highlighting the various aspects of the particularly interesting topic of our conference.

With heartfelt wishes

† Hieronymus of Kalavryta and Aegialeia
